ISO 9001-ISO 14001 CERTIFICATION

Sunway Electronics Company.

Sunway Electronics Company was found by the Wong's Family in the early 80's. It is one of the leading manufacturer and supplier of consumer electronics with six well equipped production facilities located in Fujian Province of The People's Republic of China! The company has grown from a modest, family business to a vertically integrated, multi-national corporation with a skilled workforce of some 3,000! Over the years, Sunway has established extensive distribution channels covering major Provinces in the PRC and an active, international customer base of over 1,500!

The Group is the world's largest manufacturer of electronics calculators with a monthly production volume of some twelve million units.

To ensure a stable supply of electronics components to sustain a production volume of such magnitude, the founding Chairman of the Sunway group made substantial investment in the early nineties with the objective to minimize its dependence on critical component suppliers!

These includes:

- One of the largest, state of the art production facility of Liquid Crystal Display capable of producing STN / TN type LCD cells with a monthly production capacity of 300,000 sets of 14" by 16" ITO glass.
- 2. The largest quartz crystal production facility covering a wide spectrum of frequencies with a monthly production capacity of 70 million units.
- 3. One of the largest COB (Chip On Board) production facility in China with 5 sets of ASM892 auto die attached machines: 30 sets of ASM530, 80 sets of ASM520 and over 150 sets of ASM510 wire bonding machines.
- COG (Chip On Glass) production facilities equipped with Murakami / ASM production facilities with a monthly production capacity of 1 million TFT / CSTN display modules.
- 5. 13 fully automated SMT (Surface Mount Technology) equipped with Panasonic / Juki pick and placed / IR reflow lines.
- 6. Light guide (LCD display back light) production facility with a monthly production capacity of 1 million units.
- 7. PCB (Printed Circuit Board) production facilities capable of producing SS(single sided) / DS (Double sided) FR4 printed circuit boards and SS / DS FPC (Flexible Printed Circuit).
- 8. Polymer production facilities equipped with over 300 sets of plastic injection molding machines, with fully computerized CNC (Computer Numeric Control) mold shop; Heat seal production facility; Rubber key production facility.

Sunway's unique position as both an electronics component supplier and manufacturer of consumer electronics forms a hi-tech development platform where some of the latest digital electronics products are being manufactured, these includes clocks, digital photo frame, personal digital assistants, E-book, Wireless Rear View Camera and LCD Monitor Safety System, projector, weather station, children camera, router, senior cell phone, children walkie-talkie, humidifier, LED item and notebook computers etc.

The Group is committed to constantly upgrade its production, testing, and above all, its design and development capabilities, so as to meet the challenges and opportunities accompanying the advancement of digital electronics!
